

Changing The Atmosphere

VERSE

So let the high praises of God be on my lips
And the two, two edged sword be in my hands
Your words and my words mingled together
They're cutting into the atmosphere
It ain't about what I'm going through
But it's about where I'm going to

CHORUS

My praise is changing the atmosphere (2x)
Lord I lift you up (4x)
(Lord we lift you up)

BRIDGE

Putting my future into now by the Spirit of God within
Earthly time is running out but eternity's running in (2x)
